THIS IS TO CERTIFY THAT

SustainSuccess Ltd

made a donation of **£5,000** for World Land Trust's Action Fund to purchase and protect
threatened wilderness habitats and all of their wildlife

20 October 2016

Donations to the WLT Action Fund are used for our most urgent projects and enable us to respond quickly when conservation intervention is needed. As well as supporting land purchase and protection across our projects, the Action Fund may also be used to fund the Keepers of the Wild (ranger) programme and forest restoration through Plant a Tree.

Thank you for taking Positive Action
